

401 AIR CANADA VACATIONS BIKE CHALLENGE

The Air Canada Vacations 401 Bike Challenge is an epic bike ride from Toronto to Montreal. A dedicated group of cyclists and volunteers will depart the Toronto Hospital for Sick Kids (SickKids) on **Wednesday, August 21st, 2019** and arrive at the Montreal Children's Hospital (MCH) on **Friday, August 23rd**, traveling 580 km in 3 days! The cyclists will make the inspired ride linking these two pediatric institutions and making a difference in their respective hematology/oncology departments.

Tuesday, August 20th	Montreal riders are transported to Toronto, providing an opportunity for them to get to know each other and build their team spirit for the peloton.
Wednesday, August 21st	Toronto riders join their Montreal teammates for the 9:00 a.m. celebratory send-off from the SickKids. Cycle from Toronto to Belleville (188 km). Dinner and overnight in Belleville.
Thursday, August 22nd	Cycle from Belleville to Cornwall (260 km). Stop at Thousand Islands/Gananoque for lunch. Team Dinner and overnight in Cornwall.
Friday, August 23rd	Join Day 3 riders and cycle from Cornwall to Montreal (135 km) arrival party at Montreal Children's Hospital with post-ride festivities. Friends, family and supporters are invited to come celebrate the arrival of these brave and inspirational cyclists .

Mission of the Air Canada Vacations 401 Bike Challenge

Our mission is to help improve the care and treatment of children battling cancer and their families and support the dedicated people who care for them at the Montréal Children's Hospital and the Toronto SickKids Hospital.

Where it all began

In 2005, Gene Piccoli, Portfolio Manager and Vice President at CIBC Wood Gundy, decided he wanted to give back to the community. Inspired by his wife Angie's successful battle with cancer prior to having their children, and his passion for cycling, the 401 Bike Challenge went from dream to reality. Organizing a cycling event between Canada's two major cities was always something Gene dreamt of, so drawing from Angie's inspiration, he decided to launch his own initiative for children's cancer. Gene quickly aligned the 401 Bike Challenge with the Montreal Children's Hospital.

Gene formed the first peloton with his son James by his side and a small group of friends. His daughter Lauren and wife Angie prepared and provided all the necessary support for the riders along the way.

In its inaugural year, the 401 Bike Challenge raised \$17,000. Since then, the event has continued to grow each year in terms of dollars raised, numbers of riders, awareness and enjoyment, and commitment to pediatric oncology. In 2019, Air Canada Vacations will field a corporate team of over 10 riders to accompany the Piccoli family as they make their annual 580km journey from Toronto to Montreal in support of the Montreal Children's Hospital and Toronto Sick Kids.

Inspired by the increased generosity of the corporate sponsors and the many donors along the 401 corridor, the 401 Bike Challenge is proud to support the hematology /oncology departments of both the Toronto Sick Kids and Montreal Children's Hospitals

For the past 14 years, the 401 Bike Challenge has been a remarkable grass roots success raising over \$2.2 million to date. Together, with the support of the brave riders, donors and corporate partners, we are making a difference in the lives of children with cancer and the people who care for them.

And the wheels keep on turning!

Corporate Partnership Opportunities

By becoming a partner and sponsor of the **401 Bike Challenge** from August 21st to 23rd, 2019 with your contribution, you can help us keep our expenses low so that more of the money raised can go directly to support our mission. In return, you will be prominently promoted as an official partner throughout the event.

There are two ways you can sponsor our event:

1. Provide a cash donation to underwrite the expenses of the event.
2. Provide an in-kind product or service, such as food, supplies, vehicles, media time; bus driver, bus transportation, medical personnel, communications staff, graphic designers, bike mechanics and **ride related products** and services.
